LinkedIn: Leedai Rubango Bahizi

PROFESSIONAL SUMMARY

Junior cybersecurity student with hands-on experience in private cloud infrastructure, Linux systems, networking, and technical project development. Cofounder of an AI venture and an automotive event organization, with strengths in problem solving, communication, product vision, and building practical technology solutions.

EDUCATION

Houston Christian University

Bachelor's degree in Cybersecurity | Junior

Expected May 2028

LEADERSHIP EXPERIENCE

Cofounder

ryznAI | Artificial Intelligence Company

Present

- Help shape the product vision for an AI-powered platform focused on useful tools, automation, and practical workflows.
- Support long-term planning, project identity, and the development of technology ideas into focused product concepts.

Cofounder

Life With Cars | Car Meet Event Organization

Present

- Help organize automotive events and car meets that connect enthusiasts through engaging community experiences.
- Contribute to event planning, visual branding, media production, promotion, and attendee coordination.

TECHNICAL PROJECTS

Belsade Rack

Private Cloud Infrastructure

- Built and managed a private cloud environment using physical servers, Proxmox virtualization, pfSense, Linux, VLAN segmentation, DHCP, NAT, and managed networking.

Hospital Patient Queue

Queue Management Application

- Developed a patient queue project that applies data structures, algorithm design, program logic, and problem solving to a practical healthcare workflow.

ryznAI

AI Product Concept and Platform Direction

- Reimagined an earlier student project as a focused AI platform concept centered on useful tools, automation, workflow design, and long-term product strategy.

TECHNICAL SKILLS

Infrastructure: Proxmox, pfSense, VLANs, Linux, server hardware, DHCP, NAT, networking

Programming and tools: Python, C, HTML, CSS, JavaScript, SQL, Git, GitHub, VS Code

Professional: Microsoft Office, communication, problem solving, graphic design, photo and video production

Languages: English and French

PROFESSIONAL DEVELOPMENT

Young Professional

Genesys Works | Houston, TX

Jun 2023 - Jul 2023

- Completed 120 hours of professional training in workplace etiquette, communication, Microsoft Excel, Word, and PowerPoint.
